INTRODUCTION TO THE COURSE INSTRUCTOR

I am Asad Aziz, a Principal Software Engineer at Systems Limited, Pakistan's largest and most prestigious IT services company. With several years of experience in the software industry, I specialize in designing and developing scalable, high-performance applications. My role involves leading cross-functional teams, architecting robust solutions, mentoring junior engineers, and driving innovation across complex projects. At Systems Limited, I contribute to mission-critical software systems that serve clients across a range of industries, including finance, healthcare, and retail.
